

4th Edition of Global Conference on Physical Medicine and Rehabilitation

*Theme: Bridging Science and Care:
The Future of Physical Medicine
and Rehabilitation*

24-26TH
SEPTEMBER 2026
LONDON, UK

Our Scientific Committee

MARCIA J SCHERER
Institute for Matching Person and
Technology, United States

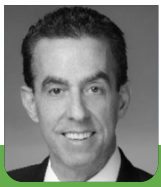

RON BLEHM
EEI Physio LLC, United States

SUBRAMANYA ADIGA
Middlemore Hospital,
New Zealand

SERGEY SUCHKOV
N.D. Zelinskii Institute for Organic Chemistry of
the Russian Academy of Sciences & InMedStar,
Russian Federation

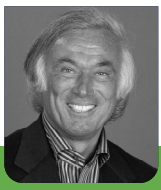

JAY SPECTOR
American Academy of Podiatric Sports
Medicine (AAPSM), United States

MARCOS BRIOSCHI
American Academy of Thermology,
United States

VAIDYA BALASUBRAMANIAM
Illawarra and Shoalhaven Local Health
District Hospitals, Australia

KENNETH R PELLETIER
University of California School of Medicine,
United States

DAVID JOHN WORTLEY
orid Lifestyle Medicine Education Services,
United Kingdom

Scientific TOPICS

- Physiotherapy
- Histology of Bones, Cartilage, Muscles, Nerves and Skin
- Cardiac Rehabilitation
- Geriatric Rehabilitation
- Covid-19 and Rehabilitation
- Neurological Rehabilitation
- Pulmonary Rehabilitation
- Pediatric Rehabilitation
- Musculoskeletal Rehabilitation
- Advances in Physical Medicine and Rehabilitation
- Technological Innovations in Rehabilitation
- Kinesiology, Biomechanics & Motion Analysis
- Pain Management & Interventional Pain Therapies
- Functional Restoration and Mobility Enhancement
- Sports Medicine and Athlete Rehabilitation

VENUE
London, UK

Title: Change your genes – Change your life: Epigenetics of longevity

Kenneth R Pelletier, University of California School of Medicine, United States

Title: We are living and working in the age of individualization

Marcia J Scherer, Institute for Matching Person and Technology, United States

Title: Treatment of medial tibial stress syndrome (shin splints) : What is the evidence-based medical treatment

Jay Spector, American Academy of Podiatric Sports Medicine (AAPSM), United States

Title: Sports medicine care of the foot and ankle: Now and into the future

Matthew B Werd, American Academy of Podiatric Sports Medicine (AAPSM), United States

Title: A forgotten component of knee osteoarthritis

Ron Blehm, EEI Physio LLC, United States

Title: Wearables and health - The human machine manual

David John Wortley, World Lifestyle Medicine Education Services, United Kingdom

Title 1: Disorders of diminished motivation: Diagnosis, assessment treatment, and emerging treatment options: A rehabilitation perspective

Title 2: Best practice guidelines for the use of pharmacological neuromodulation in disorders of diminished motivation: A comprehensive approach

Vaidya Balasubramaniam, Illawarra and Shoalhaven Local Health District Hospitals, Australia

Title: Challenges and solutions for designing and managing intelligent, ethical, integrable and interoperable transformed health ecosystems

Bernd Blobel, University of Regensburg, Germany

Title: Personalized and Precision Medicine (PPM) as a unique healthcare model through biodesign inspired & biotech driven translational applications and upgraded business marketing to secure the human healthcare and biosafety

Sergey Suchkov, N.D. Zelinskii Institute for Organic Chemistry of the Russian Academy of Sciences & InMedStar, Russian Federation

Title: Music therapy combined with acupuncture therapy for children with autism spectrum disorder

Zhenhuan Liu, Guangzhou University of Chinese Medicine, China

Title: Why do chronic pain patients suffer

Rachid El Khoury, Saint Joseph University, Lebanon

Title: Rehabilitation in head and neck cancer

Ady M Correa, University of Miami, United States

Title: Training without harm: Recognizing, addressing, and preventing emotional & mental abuse in youth sports

Nicole Langevin, Nicole Langevin, NAWGJ, USA Gymnastics, United States

Title: The Role of a mobile cancer team in supporting interdisciplinary care for oncology patients in the acute inpatient rehab level of care

Blair Gorenberg, Shirley Ryan AbilityLab, United States

Title: Refine Carpal Tunnel Syndrome (CTS) nerve conduction grading tool with case presentation

Salim Hirani, Betsi Cadwaladr University Health Board, United Kingdom

Title: Exercise rehabilitation in Plasma Cell Leukaemia (PCL): A case study in oncology care

Chelsea Batty, Wrexham University, United Kingdom

Title: Chronic Fatigue Syndrome(CFS) and Myalgia Encephalomyelitis (ME): A literature review on management principles and emerging therapies

Vaidya Balasubramaniam, Illawarra and Shoalhaven Local Health District Hospitals, Australia

Title: A multifactorial approach to creatine in fall prevention among the elderly: From Akt/mTOR signaling to cognitive function

Marco Machado, Fundacao Universitaria de Itaperuna, Brazil

Title: The effect of a polypeptide angioprotector on the effectiveness of rehabilitation of patients with atherosclerosis of the lower extremities who have suffered acute myocardial infarction and have type 2 diabetes mellitus: A prospective controlled study

Mariam A. Simonyan, National Medical Research Center for Rehabilitation and Balneology, Russian Federation

Title 1: Rehabilitative services through the view of Personalized and Precision Medicine (PPM) to secure the precision surgery outcome: Centers for surgery and post-operational rehabilitation of the next step generation

Title 2: Stem cell technologies to integrate biodesign-related tissue engineering within the frame of cell-based regenerative medicine: Towards the preventive, therapeutic and rehabilitative resources and benefits

Sergey Suchkov, N.D. Zelinskii Institute for Organic Chemistry of the Russian Academy of Sciences & InMedStar, Russian Federation

Title: Muscle imbalance effects on musculoskeletal injuries(sport injuries), and new treatment through muscle regeneration by activation of quiescent muscle stem cells

Ki Ji Lee, Busan National Medical University, Korea, Republic of

Title: Center of Pressure (COP) characteristics for identifying kyphotic and scoliotic postural tendencies: A preliminary study

Guan-Woei Tseng, Kaohsiung Chang Gung Memorial Hospital, Taiwan

Title: Orthopaedic manual therapy for Temporomandibular Disorders (TMD): Integrating osteopathic techniques with physiotherapy

Srdjan Andjelkov, Manual Physical Therapy, Serbia

Title: Comparative effects of muscle energy technique, foam rolling and ergon technique on hamstring flexibility: A simplified approach for young individuals in a modern rehabilitation study

Rahul Hajare, Sandip University, India

Title: Center of pressure characteristics for identifying kyphotic and scoliotic postural tendencies: A preliminary study

Nitesh Gonnade, All India Institute of Medical Sciences-Jodhpur, India

Title: Shoulder pain in rheumatoid arthritis: Ultrasound findings and clinical correlations

Raj Kumar, Indira Gandhi Institute of Medical Sciences (IGIMS), India

Title: Assessment of effectiveness of bupivacaine trigger-point injections in trapezius myofascial pain syndrome: A retrospective study

Sandip Rameshrao Dhole, All India Institute of Medical Sciences-Bibinagar, India

Title: Assessing assistive technology use and unmet need in a rural-serving tertiary hospital in India: Evidence from a cross-sectional pilot survey

Deepak Kumar, AIIMS Deoghar, India

Title 1: An investigations into Cardiac Rehabilitation (CR) and quality of life

Title 2: Nutritional Therapy (NT) in addressing joint disorders: Overview and way foreword

Santosh Kumar Mishra, S N D T Women's University, India

Title: Ultrasound evidence findings of bilateral humeral head avascular necrosis in a patient with systemic lupus erythematosus: A case report

Myrone Swenson Amando Jayme, Ospital ng Makati Department of Physical and Rehabilitation Medicine, Philippines

Title: Frozen shoulder (adhesive capsulitis)

Mohammad Rafiqul Alam, Cumilla Diabetic Association Bagicha Gaon, Bangladesh

Title: Hydrogen medicine: An innovative modality for enhancing recovery and functional outcomes in physical medicine and rehabilitation

Ashot Khachatryan, National Academy of Sciences of the Republic of Armenia. New Hydrogen Technologies RPC, Armenia

Title: Autonomic regulation through structured yoga intervention in post-COVID anxiety

Olena Bakai, International Yoga Therapy Center "Sense", Ukraine

Title: Characteristics of the management of spastic foot in adult vascular hemiplegic patients: About 102 cases

Mohamed Medaouar, Army Central Hospital, Algeria

Title: Closing the data-action gap: Leveraging public health surveillance to improve rehabilitation outcomes in low-resource settings

Charity Mukutuma, University of Lusaka, Zambia

Oral Presentation Slots are available

Title: Effectiveness of Virtual Reality Intervention in Enhancing Motor and Cognitive Functions in Down Syndrome

Shraddha Baldania, Enjoy Rehab PT PC, United States

Title: Pain management based on neuroscience and behavioral science: towards a healthy and sustainable lifestyle

Felipe Figueroa M, The Society of Kinesiologists in Mental Health (SOKISAM), Chile

Title: Functional outcomes of DSSA-Based pelvic rehabilitation combined with manual therapy and electrostimulation in men after oncologic surgery: A retrospective case series

Eren Uyar, Fizyomen Physiotherapy & Rehabilitation Center, Turkey

Title: The impact of mirror therapy soft hand rehabilitation machine training on cortical activation in stroke patients: An fNIRS study

Wang Congxiao, Beijing Rehabilitation Hospital, China

Title 1: Evidence-based exercise prescription in adolescent idiopathic scoliosis: A narrative biomechanical review with systematic search

Title 2: Spinopelvic predictors of junctional thoracolumbar kyphosis in children aged 8–12 years: A cross-sectional pilot study

Mohamad Firas Wahbeh, Ibn Al-Nafis Hospital, PSSE Unit for the Treatment of Scoliosis and Spinal Deformities, Syria

Poster Presentation Slots are available
